

Cowley College login troubleshooting steps for current Faculty/Staff/Students

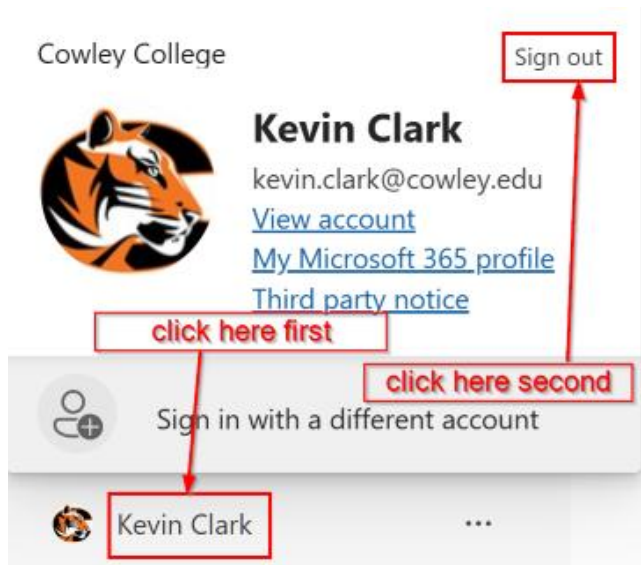

If you are experiencing login issues with **Blackboard** or any other Cowley College systems, including **Email**, **Cowley Connect**, and **Classlink Single-Sign-On**:

Log out of all Cowley College tabs you have open in your browser. **Make sure you log out and don't just close the tabs.**

Navigate to <https://login.microsoftonline.com/> and **log out** if you are currently logged in. Click on your name at the bottom left of the screen and select Sign out.

(On a mobile device, go to <https://myapps.microsoft.com> to sign out.)

Example

Relaunch your browser. You should now be able to log in to all systems again. <https://launchpad.classlink.com/cowleycollege>

If you get a message in Classlink that says your account is not connected, browse to <https://login.microsoftonline.com/> and make sure you are not logged in with another account other than your Cowley College account. If you are, click on your name and select 'Sign in with a different account' and then use your Cowley College account (**username@cowley.edu**) to log in. You should now be able to log in to Classlink.

If you do not remember your password to log in, navigate to <https://login.microsoftonline.com/> and enter your Cowley College email address. (**username@cowley.edu**)

Select 'Work or school account' if it appears.

It looks like this email is used with more than one account from Microsoft. Which one do you want to use?

Sign in

Please Login with your Cowley College Email address
(ie tiger@cowley.edu).

If all else fails, you should be able to log in using a **new** incognito or private window in your browser. (If you already had one open, close it before opening a new one.)
