424.00 STUDENT HOUSING

Residing in College Housing carries with it very serious responsibilities; therefore, students should have the maturity and the capability of relating on a positive basis with others in a residential atmosphere away from their own homes. The College is in the position of assisting students in securing housing, and current lists of available rooms and apartments are maintained by the Director of Housing. The College operates a limited number of housing facilities, which are available on a "first-come-first-served" basis to full-time students, regardless of race, color, or religious affiliation. Exceptions may be made in cases of previous violations of campus rules and regulations.

Guidelines for student conduct on the entire campus, including parking lots can be found in the Student Housing Handbook.
