COURSE PROCEDURE FOR

**PEP BAND IV
MUS 2667 1 Credit Hour**

Student Level:

This course is open to students on the college level in either the Freshman or Sophomore year.

Catalog Description:

MUS2667 PEP BAND IV (1 Hr.)

Pep Band is designed to give our students an enriching and diverse instrumental music experience. This class provides many performance opportunities in a variety of settings. The daily objective of the course is to foster and promote musical growth through the playing of an instrument by the student. As a member of the band program, group effort and cooperation is necessary for a successful experience and program. Being in an ensemble requires a skilled effort in which each student is expected to show technical and musical growth throughout the course.

Prerequisites:

Enrollment is open to all students, with instructor approval, who play a percussion or wind instrument.

Controlling Purpose:

Music is an essential part of our social and cultural fabric. Performance-centered classes allow each student to improve their skills and talents as musicians and to develop their levels of expression.

Learner Outcomes:

Upon completion of the course, the student will:

- Continue to develop their technique on their chosen instrument
- Improve their ability to identify and utilize the basics of music rehearsal and performance
- Evaluate their role as a performer in a large ensemble setting
- Perform various pieces of music

Units Outcomes and Clock Hours of Instruction for Core Curriculum:

The following outline defines the minimum core content, not including the final examination period. Instructors may add other material as time allows.

Evaluation Key:

- A = All major and minor goals have been achieved, and the achievement level is considerably above the minimum required for doing more advanced work in the same field.
- B = All major goals have been achieved, but the student has failed to achieve some of the

less important goals. However, the student has progressed to the point where the goals of work at the next level can be easily achieved.

- C = All major goals have been achieved, but many of the minor goals have not been achieved. In this grade range, the minimum level of proficiency represents a person who has achieved the major goals to the minimum amount of preparation necessary for taking more advanced work in the same field, but without any major handicap of inadequacy in his background.
- D = A few of the major goals have been achieved, but the student's achievement is so limited that he is not well prepared to work at a more advanced level in the same field.
- F = Failing will be computed in GPA and hours attempted.
- N = No instruction or training in this area.
