& Area Vocational Technical School**

COURSE PROCEDURE FOR Peer Service and Awareness

**Peer Service and Awareness II
SOC6868 1 Credit Hour**

Student Level:

This course is open to students on the college level in Freshman year.

Catalog Description:

SOC6868 - Peer Service and Awareness II (1 hr.)

This course is designed to help the student increase their knowledge concerning current social issues and peer health promotion and the impact students have on the community. Students will reflect on educational events offered to the local and global community and on concepts learned in the classroom to enhance their level of citizenship and commitment to the community through service work.

Prerequisites:

Must be a member of CAAT (Cowley Activity Awareness Team)

Controlling Purpose:

This course is designed to help the student increase their knowledge concerning social issue awareness and the impact students have on the community, both locally and globally. Students will design, plan, and host events, for the student body that address social issues that affect student life and community involvement. Students will take place in off-campus community events that contribute to community livelihood in correspondence with the awareness theme, chosen by CAAT for that month.

Learner Outcomes:

Upon completion of the course, the student will be able to demonstrate health promotion initiatives verbally, in writing, and via personal actions. In addition, the student will be able to apply concepts learned from CAAT classes, to their social awareness activities and make connections between theory and life experience.

Units Outcomes and Criterion Based Evaluation Key for Core Content:

The following outline defines the minimum core content not including the final examination period. Instructors may add other material as time allows.

Evaluation Key:

- A = All major and minor goals have been achieved and the achievement level is considerably above the minimum required for doing more advanced work in the same field.
- B = All major goals have been achieved, but the student has failed to achieve some of the

less important goals. However, the student has progressed to the point where the goals of work at the next level can be easily achieved.

- C = All major goals have been achieved, but many of the minor goals have not been achieved. In this grade range, the minimum level of proficiency represents a person who has achieved the major goals to the minimum amount of preparation necessary for taking more advanced work in the same field, but without any major handicap of inadequacy in his background.
- D = A few of the major goals have been achieved, but the student's achievement is so limited that he is not well prepared to work at a more advanced level in the same field.
- F = Failing, will be computed in GPA and hours attempted.
- N = No instruction or training in this area.
