Graduation, Transfer and Retention Rates

2019

Cowley College is committed to providing opportunities for learning excellence, personal achievement, and community engagement.

Introduction

The information contained in this report is made available in compliance with Public Law 101-542, Section 103 also known as the Student Right-To-Know and Campus Security Act of 1990.

Methodology

Cowley College reports information about student success to the Integrated Postsecondary Education Data System (IPEDS) annually. Some of the information contained in this report is included in the IPEDS Graduation Rates Survey or GRS. Terminology included in this report include:

- Cohort: For this report, the word “cohort” refers to the number of first time, full time degree- or certificate-seeking students who enrolled at Cowley College by the census day for the fall semester of academic year 2015-2016.
 - First-time: A student who has enrolled in college after completing high school. (Please note: a student is not considered first-time if she is enrolled in college classes *during* high school; this student is a member of a college’s first-time cohort when she enrolls for the first time *after* her high school graduation or successful GED award).
 - Full-time: A student enrolled in 12 or more college credit hours during one semester.
 - Degree- or certificate-seeking: A student who has officially identified her intent to complete a federal financial aid-eligible certificate or Associate’s degree program.
- Completion: A student who completes her program within normal time as determined in the College’s academic catalog. The IPEDS GRS Survey uses the three year or 150% completion rate; this rate is used in compliance with language in the Student Right-to-Know regulation.
- Transfer-out: A student is reported as a “transfer-out” when she does not complete her program but instead continues her college education at another postsecondary institution. This information is collected by the Cowley College Institutional Effectiveness Office through StudentTracker, a service of the National Student Clearinghouse.
- Athletic financial aid: Any financial award which requires the recipient to participate on an athletic team.

The National Center for Postsecondary Statistics (NCES) identifies the following race and ethnicity categories:

- Nonresident alien: A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely;
- Hispanic/Latino (Ethnicity): A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race;
- American Indian or Alaska Native: A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment;
- Asian: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam;
- Black or African American: A person having origins in any of the black racial groups of Africa;
- Native Hawaiian or Other Pacific Islander: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands;
- Two or more races: A person who identifies two or more race categories; students who report a Hispanic/Latino ethnicity are not included in this reporting category.
