Kay Kautz, an instructor in Cowley College’s north campuses social science department, was invited to present a paper she wrote at Oxford University in Oxford, England.

The presentation took place March 20 at Oxford’s Examination Hall at a conference titled “Unity of Nations”. Kautz’s paper was titled, “Is Ethnic Group Self-Identification a Human Rights Issue?”

The paper reviewed past and recent identity theories, recent UN rulings on rights to self-determination of identity, examination of identity components, marginalization of minorities, indigenous, and immigrant groups from disallowing identity and subsequent components, and the call to examine the issue in the light of human rights by the academe.

Kautz enjoyed the opportunity to present her paper at the prestigious university.

“I was thrilled to be among academic theorists and those who wished to solve issues of conflict,” Kautz said. “The professional academic atmosphere was exemplary.”

The presentation was very well received and a debate ensued about identification through DNA.

“I feel it is a critical issue, as self-identification is an issue of power,” Kautz said.

Kautz, who has been employed at Cowley for 10 years, plans to submit the paper for publication next year. She is currently a doctoral candidate at Oklahoma State University in Higher Education Leadership.

Along with her teaching duties at Cowley, she volunteers as an advisor and is working to help establish the context of an American university credit system in Africa. She is also on the Board of Directors of the Global Learning Center in Wichita and is a member of the Anthropology and Education Association.
Bengt Pipkorn, who attended Cowley College and was a member of the tennis team during the 1983 season, has gone on to become a successful researcher for the automobile company Autoliv in Vargarda, Sweden.

He began working for Autoliv in Vargarda, Sweden, in 1996 and has been with the company ever since. He currently serves as the Manager of Simulation, Active Structures and Algorithm Development. The company has over 40,000 employees worldwide. In the United States, the company has workers in Detroit, Michigan and Ogden, Utah.

“We do research in the area of occupant protection,” Pipkorn said. “We supply for the automotive industry and provide protective systems such as air bags and seat belts.”

Prior to beginning his career, Pipkorn heard about Cowley from friends, Johan Ahlqvist and Johan Hallin, who were members of the Tiger tennis team during the 1982 season. Upon their recommendation, he came to Cowley from Sweden in the fall of 1982.

Pipkorn helped the Tigers capture conference and region titles, while also getting an opportunity to compete at the national tournament.

“My college years influenced me very much,” Pipkorn said. “I have a lot of positive memories from my time at Cowley.”

Coming to Arkansas City from Sweden made for a bit of a transition.

“It was very different, everything was new,” Pipkorn said. “I spoke English but not that good.”

Kim and Cynthia Hocker, who were actively involved in Cowley’s “Foster Parent” program, helped make the transition easier for Pipkorn by serving as his “Foster Parents”.

“Coming as I did, not knowing anybody or anything about Ark City, it was great to have people who knew other people in the city,” Pipkorn said.

Along with the Hocker’s, Pipkorn has fond memories of tennis coach Mike Watters and calculus teacher Phil Buchner.

After Cowley, Pipkorn went on to play tennis at Louisiana Tech and majored in mechanical engineering. At Louisiana Tech, Pipkorn led the school to the NCAA Tournament, where they won their first round match before being eliminated.

After graduating from Louisiana Tech, Pipkorn went to Phoenix, AZ. to work on a test track. However, after six months on the job, he decided he wanted to pursue a master’s degree. So, he went back to Chalmers University to obtain his master’s and then continued in school to earn his PhD.

While working on his PhD, Pipkorn helped with the process of developing the side air bags in Volvo’s. He is currently working on a device that would help influence how the vehicle structure reacts in a crash.

Pipkorn came into his current line of work while working on his master’s degree.

“As a researcher you really have to dig into the details of the problem you are trying to solve,” Pipkorn said. “We do research to bring out new products every couple of years.”

As a result of his profession and also as a hobby, Pipkorn has traveled to many places. He has traveled to Australia, Italy, Germany, France, Great Britain, Greece, Switzerland, and Austria.

He enjoys visiting the United States and returned to Ark City and the college in April. With his work bringing him back to the United States, Pipkorn decided to fly in to see his former “Foster Parents”.

Prior to his trip to Ark City, Pipkorn had visited with individuals at the University of Virginia. After spending two days in Ark City he was back in the air heading to Ogden, Utah for business.

This marked the first time Pipkorn had been to Ark City since the early 1990’s.

“The college seems to be prospering and doing very well,” Pipkorn said.

Pipkorn and his wife, Eva, have three children, Linda 16, Jenny 14, and Elin 6.

In his free time he enjoys jogging, bicycling, skiing, and also still enjoys playing tennis.
Alumni News

Anita Nix Schafer, Arkansas City Junior College class of 1926, celebrated her 100th birthday June 20 in Tulsa, Okla. She has fond memories of ACJC instructors Dean Galle, Pauline Sleeth, Edith Joyce Davis, and Dan Stark. Following ACJC she attended Hardin College in Missouri, and married her fiancé Lewis Schafer of Arkansas City. Lewis worked for the U.S. Department of Agriculture and the couple lived in several locations and traveled internationally during their marriage. Schafer loves music and sang with the choir while at ACJC. She went on to sing at weddings, funerals, special events, and with her church and other choral groups. Pictured are Schafer with friends from California and England enjoying a laugh at her 100th birthday party.

Cowley sophomore named Arkansas City student of the year

With several worthy candidates up for the honor of the Arkansas City Student of the Year, Cowley College sophomore Victoria Ukaoma was surprised to hear her name called during a banquet held April 13 at Cowley’s Earle N. Wright Community Room.

“I was really surprised because there were so many good people picked for the final round,” Ukaoma said. “Not expecting it made it that much better. It makes me feel like I did my best here at Cowley.”

Ukaoma was chosen from among three finalists, one each from Cowley College, Arkansas City High School and Arkansas City Middle School.

Earlier, three top students were named from each school. At Friday’s banquet, the top student from each school was named, and then Ukaoma was named as the overall winner.

The second place winner from Cowley College was Alex Gottlob and third place went to Chansi Long.

At Cowley, Ukaoma serves as editor for the Cowley Press, along with being a student ambassador and a resident assistant in the Oscar Kimmel Dormitory.

Ukaoma, who attended Maize High School, chose Cowley after meeting with journalism director Dave Bostwick and taking a tour of the campus.

After Cowley, she plans to attend college at Washburn University in Topeka.

“It is going to be really hard to leave and move on to another school,” Ukaoma said. “I feel Cowley was perfect for my personality and made me feel more confident about moving on to a university.”

The city has given this award each year since 1984. A committee is chosen by the city and it takes nominations from school teachers and administrators to select the winners. The process includes interviews with the students. The selections are based on grades and the interviews.
Alex Gottlob, a sophomore business administration major, was named Cowley College’s Student of the Year during the school’s annual Honors and Awards Ceremony held April 17 in the Brown Center’s Earle N. Wright Community Room.

Gottlob was involved in Phi Beta Lambda, Campus Christian Fellowship, and was a Cowley Ambassador. He plans to attend Southwestern College in Winfield in the fall. Representing Cowley’s Phi Beta Lambda organization at the National Leadership Conference in Nashville, TN, in June, 2006, Gottlob became the first Cowley student to place first at the national level as he placed first in job interview.

Gottlob, who has been the owner of Gottlob Lawn and Landscape since he was in the sixth grade, was humbled to receive the award. “I want to thank everybody for a wonderful two years here at Cowley College,” Gottlob said. “I also want to thank (PBL advisor) Bev Grunder for all her help.”

A representative from each department at Cowley College honored students that have excelled during the 2006-07 academic year during the ceremony.

“We are so proud of our students,” Cowley president Dr. Patrick J. McAtee said. “You see the special bond our faculty and staff have with our students and that is the special thing about Cowley.”

Award recipients:

• **Academic Excellence Challenge** — Brett Albright, Steven Arebalo, Matt Beach, Derek Bowman, Chansi Long.
• **Academic Civic Engagement through Service** — Jhesi Bain, Alysha Carlson, Tabitha Farley.
• **Act One Drama Club** — Brandon Cheney, Laura Durham, Brittany Richerson.
• **Art Club** — Chelsea Lowry, Kevin Redford.
• **Black Student Union** — Joseph Harvey, Alexis Johnson.
• **Campus Christian Fellowship** — Jessica Ball, Everett Harbison, Jayme Shriver.
• **Chess Club** — Andrew Atterberry, Hope Berg, Jessica Tibbott.
• **Instrumental Music** — Phillip Vinson.
• **International Student Club** — Eliane Domingos, Marina Tosi, Trang Le.
• **Journalism Club** — Sarah LaVallee, Chansi Long, Victoria Ukaoma, Amanda Pratt.
• **Kansas National Education Association** — Tabitha Smith.
• **Mu Alpha Sigma Chi** — Brett Albright, Jessica Ball.
• **Paws Advocating Wellness for Students** — Brandy Hallacy, Matt Mendoza.
• **Phi Beta Lambda** — Caleb DeGraaf, Megan Pauly.
• **Tyger Tawk Communications Club** — Jessica Hadley, Amanda Pratt, Denise (Nykki) Watkins.
• **Vocal Music** — Nathan Holcomb.
• **Allied Health Department** — Brian Schmidt.
• **Business, Computer and Information Technology Department** — Alex Gottlob.
• **Career & Technical Education Department** — Curtis Betzen.
• **Humanities Department** — Brittany Richerson.
• **Natural Science Department** — Justin Flint.
• **Social Science Department** — Jessica Bowman-Bekemeyer.
• **Phi Theta Kappa** — Tiffany Hutchinson, Alexi Johnson, Alyssa Showman.
• **Male Student Athlete of the Year** — Tyler Fleming.
• **Female Student Athlete of the Year** — Alyssa Showman.
• **Students of the Month** — Tamara McMillan, Krista Dophel, Alyssa Showman, Brittany Richerson, Alex Gottlob, Chansi Long, Amanda Pratt, Alexis Johnson.
• **Student Ambassadors** — Brett Albright, Kim Bacastow, Heather Bailes, Jessica Ball, Andy Bohn, Andy Ebert, Alex Gottlob, Ashleigh Hurt, Tiffany Hutchinson, Alex Johnson, Kacie Laha, Elizabeth Muntz, Jayme Shriver, Valerie Strickland, Brylee Sturd, Kristine Thompson, Jessica Tibbott, Victoria Ukaoma.
• **Student Government Association** — Zachary Blanchard, Krista Dophel, Aaron Loehr, Alexie Smith, Angela Welch, Adam Wiley.
• **Student of the Year** — Alex Gottlob.
Cowley recognizes 84th graduating class

An estimated 280 graduates in caps and gowns participated in Cowley College’s 84th commencement exercises May 5 in W.S. Scott Auditorium.

The graduates are part of a diverse class of 660 graduates receiving their associate degree from Cowley. A reception for graduates, family members and friends was held immediately following the ceremony in the Earle N. Wright Community Room inside the Brown Center.

Along with the conferring of degrees, College alumnus J.C. Louderback was presented with this year’s Outstanding Tiger Alumni Award. Louderback, a member of the college’s Tiger Athletic Hall of Fame, is a 1954 graduate of Cowley. He is retired and lives in Arkansas City.

Marlys Cervantes, an instructor in Cowley’s Humanities Department and fourth recipient of the Endowed Chair for Teaching Excellence and Student Learning, served as the featured speaker.

Members of Cowley’s faculty were also recognized, including Pam Smith, who was presented the Paul Stirneman Award, and Chris Cannon, Tom Mason, and JoLynne Stalnaker, who were honored in May as Excellence Award recipients at the National Institute for Staff and Organizational Development in Austin, Texas.

Krista Dopfel, a sophomore biochemistry major from Belle Plaine, Kan., who served as SGA president during the 2006-2007 academic year, also addressed the audience.

Steve Butler, director of piano and theory at Cowley, performed the piano prelude along with the processional and recessional. Special music was performed by the Cowley College Concert Choir under the direction of Cowley director of vocal music, Connie Donatelli.
Cowley honors north campuses students

Taking time to recognize the accomplishments of its students at its North Campuses, Cowley College held its annual Honors and Awards Ceremony April 19 at its Southside Education Center’s Seminar Room in Wichita.

Thomas Fredrick Miller, who took part in Cowley’s distance learning program while serving in Iraq, was honored at the banquet. Miller, who received his associates degree in May, presented LeArta Watkins, director of distance learning at Cowley, with the flag his troop flew while in Iraq.

Members of Cowley’s Phi Theta Kappa organization also presented Phi Theta Kappa sponsor Nancy Ayers with a special gift of recognition. While Wesley Wilson was named the North Campus Ambassador of the Year.

Award recipients:
• Distance Learning Program — Thomas Fredrick Miller
• Interpreter Training Program/STIF — Nora Galloway
• Math and Science Club — Justin Flint
• Phi Theta Kappa — Jennifer Holley, Melanie Pratt, Wesley Wilson
• USA Academic Team — Shaye Waple
• Traditional Outstanding Academic Student — Josh Gerlach
• Non-traditional Outstanding Academic Student — Vi Nguyen
• Spotlight Students — Kristie Eberl, Shaye Waple, Paula Rhodes, Jesse Valdez, Wesley Wilson, Josh Gerlach, Krista Ramirez, Melanie Pratt, Katie Mahlandt.
• Student Ambassadors — Amanda Auchterlonie, Courtney Poole, Krystel Darbyshire, Sherrie White, Wesley Wilson, Amber Swallow, Don Bui, Misti Unruh, Shymone Bandasack.
• North Campus Ambassador of the Year — Wesley Wilson.

Kansas Board of Regents approves new degree and certificate programs

Cowley College received some good news on April 18 as the Kansas Board of Regents approved new degree and certificate programs for Mechatronics and Interior Design.

Both new programs will begin this fall.

Bruce Crouse, Cowley College chair of the Career and Technical Education Department, and Sandy Randel, coordinator for the Career and Technical Education Department, put in a great deal of work to make the Mechatronics program a reality.

Bev Grunder, chair of the Business, Computer and Information Technology Department, along with Bridget Mack (developer of the Interior Design program) deserve a lot of credit for the Interior Design program.

Additionally, the program revisions for Office Technology were approved, so Cowley now has a certificate in Medical Coding, Medical Transcription, Legal Office Assistant and Administrative Office Management.

All of the coursework in the new Office Technology certificate programs will be delivered online.

JoLynne Stalnaker and Rae Dale, instructors in Cowley’s Business, Computer and Information Technology Department teamed with Grunder and Slade Griffiths, chair of the Allied Health Department, to make the revisions, which will better serve the needs of area high school students interested in getting into the health profession.

Sheree Utash, Cowley College vice president of academic and student affairs, was proud of the work done to make these programs and revisions a reality.

“I am so pleased and proud of our faculty and staff that have been involved in working to create these new and revised degree programs and certificates that will provide students additional opportunities for educational achievement,” Utash said. “Their completion of these degrees/certificates should lead them to productive high demand and high skilled jobs. These new programs and revisions are a great example of the vision, dedication and work ethic that makes our vocational technical faculty such a valuable asset to our institution and our academic endeavors.”
Participating in the Kansas Phi Beta Lambda 56th annual State Leadership Conference in Salina February 28-March 2, 12 of Cowley College’s 17 PBL students in attendance qualified to attend the National PBL Leadership Conference in Chicago June 23-26.

Bev Grunder, Cowley College PBL advisor, was proud of the PBL members accomplishments. “It is a privilege serving as the Cowley PBL advisor and having the opportunity to work with the Cowley PBL students,” Grunder said. “I am so proud of them and their accomplishments. They are an exceptional group of students.”

Cowley College student awards include: First in Team Event Desktop Publishing, Mallory Carroll and Lashaina Orman; Second in Team Event Management Concepts, Alex Gottlob, Caleb DeGraaf, and Zachary Whitener; Third in Human Resource Management, Mallory Carroll; First in Economic Analysis and Decision Making, Christopher Klingenberg; Third in Computer Applications, Emilie Magnus; Second in Computer Applications, Megan Pauly; First in Hospitality Management, Charley Stettler; Third in Financial Analysis and Decision Making, Kayla Strickland; Second in Accounting Analysis and Decision Making, Kristine Thompson; Second in Word Processing, Brittany Tucker; Third in Management Analysis and Decision Making, Heather Voss; and Third in Business Law, Zachary Whitener.

Other colleges participating at the 56th annual State Leadership Conference were: Butler Community College, Central Christian College at McPherson, Colby Community College, Emporia State University, Labette Community College and Washburn University.

Honoring a young woman whose grace and passion for life touched all who knew her, Cowley College dedicated it’s science lab in memory of Jodi Sanderholm on May 25.

Sanderholm, a 19-year-old Arkansas City native, was a member of the Cowley College Tigerette Danceline and a pre-pharmacy major. The former Arkansas City high School valedictorian had a 4.0 grade point average at Cowley.

Sanderholm won the Outstanding Physics Student of the Year Award as a senior at Arkansas City High School.

The Shanks Family/Jodi Sanderholm Scholarship was established in February. The scholarship is an endowed scholarship and will be awarded annually to a Cowley student. The recipient of the scholarship must be enrolled in a science curriculum; be a full-time student enrolled in 12 or more hours; and maintain at least a 2.5 grade point average.

Those interested in making a donation to the Shanks Family/Jodi Sanderholm Memorial Scholarship can send donations to the Cowley College Endowment Association located at 125 S. Second St., Arkansas City, KS., 67005. For more information please contact Terri Morrow, Cowley College Dean of Development and College Relations, at (620) 441-5291.
In conjunction with their partnership in the Preparing Educators Together (PET) program, Cowley College and Wichita State University held an open house and ribbon cutting ceremony March 12 at Cowley College’s Mulvane Bloomenshine Center. Students in the PET program earn their associate degree through Cowley College then apply to WSU’s College of Education where they will begin four additional semesters of education courses.

Those WSU courses are taught at the Cowley College Mulvane site and beamed to the Arkansas City campus via Interactive Distance Learning. Courses are usually offered after 4 p.m. to allow for those who are already working in the schools a more flexible scheduling option.

Gary Miller, Vice President for Academic Affairs and Research at Wichita State University, is pleased with the partnership with Cowley.

“I think the program is great, especially considering the shortage of teachers in Kansas and the great challenge we have nation wide with teacher education,” Miller said. “I think this is a fabulous collaboration.” Students complete the field experiences and student teaching requirements in schools located in their own communities within Cowley and Sumner Counties. This allows students to earn a four-year degree from a location closer to home while maintaining their work schedules. “We know geography and sometimes opportunity can be major impediments to individuals pursuing a college education, including teacher education,” said Wichita State University Dean, Jon Engelhardt. “So, we are especially pleased to work together with Cowley County.”

Looking for a way to provide its technical students with additional opportunities to use their knowledge for further education, the Career and Technical Education Department at Cowley College signed a transfer agreement with Kansas State University at Salina April 11 at the school’s Southside Education Center in Wichita.

Cowley technical students will have the opportunity to capitalize on these agreements by using the skills they have attained at Cowley to move on for a four-year degree through KSU.

“It’s an absolutely great partnership for students, so they know when they begin with us where they can end,” Cowley College vice president for academic and student affairs Sheree Utash said. “I am a huge believer in letting students know what it will take to meet their goals on day one.”

Bruce Crouse, Cowley’s Department Chair for the Career and Technical Education Department, along with Sandy Randel, coordinator for the Career and Technical Education Department, made contact with Kansas State University at Salina in October 2006. Discussion began regarding the integration of how Cowley’s technical areas could compliment and integrate into their technology management, electronic and computer engineering management, and mechanical engineering technology programs. The addition of Cowley’s mechatronics program also precipitated additional conversation on collaboration.

This will be the first agreements made with the Engineering Technology Management Departments at K-State at Salina. “From a department head’s point of view I think it is an excellent opportunity, not just for Cowley students, but for Kansas State University as a whole,” K-State at Salina head of the department of engineering technology management departments, Jon Engelhardt said.

Two members from The Higher Learning Commission of the North Central Association of Colleges and Schools spoke to Cowley College employees and members of the Arkansas City community April 27 in the college’s Earle N. Wright Community Room located inside the Brown Center.

Ms. Janice Hart, director of the Division of Educational and Career Advancement at Central New Mexico Community College and Dr. Mark Kretovics, assistant professor, Higher Education Administration and Student Personnel at Kent State University, represented The Higher Learning Commission of the North Central Association of Colleges and Schools during its AQIP Quality Check Up visit.

Ms. Hart and Dr. Kretovics spent three days meeting with individuals at Cowley College’s Arkansas City campus.

“This is a chance for The Higher Learning Commission to come in and look at an institution through a quality lens and see what it is the institution sees in itself and where it wants to go,” Dr. Kretovics said. “We also look at what challenges an institution may face in the future and how The Higher Learning Commission can help you take on those challenges.”

Cowley submitted a portfolio to the Higher Learning Commission on June 1, 2006 and received a feedback report from the Higher Learning Commission on Sept. 29, 2006. In the report, there were six to eight strategic issues that were mentioned for Cowley to work on and plan for the future.

“We are happy to see you have addressed each and every one of those strategic issues, that is quite an accomplishment,” Hart said. “We feel so impressed by Cowley and so positive about what is happening here.”

Hart also commended the college for the time they devote to in-service activities and its work in the job target process. Also, its increased use in data and the school’s partnerships it has established.

“Cowley is very strong on those collaborations and that is something that will help take them further into the future,” Hart said.

The Board of Trustees has continuously authorized Cowley’s affiliation with NCA/HLC since the college was granted correspondent status by the Commission on Institutions of Higher Education in 1967. In 2002, the College became a member of AQIP. This focus on quality has led Cowley College to apply for and receive a 1999 Kansas Excellence Award Level III (the highest level) from the Kansas Award for Excellence Foundation, a quality award program based on the Malcolm Baldrige National Quality Award Criteria.

In 2000, the College applied for the Pacesetter Award through CQIN (Continuous Quality Improvement Network). Continued training in AQIP principals and categories reinforces Cowley’s focus on the quality movement in higher education.

Along with the positive things the college is doing, Dr. Kretovics also spoke of the challenges the college will face in the future and what the college will need to do to face those challenges.

Sheree Utash, Cowley College vice president of student and academic affairs, was happy with the outcome of the AQIP Quality Check Up visit.

“Overall, the college is doing a tremendous job,” Dr. Kretovics said. “What we are going to be reporting back to The (Higher) Learning Commission is this is an institution with great potential and an institution that is doing some great things.”

Cowley College president Dr. Patrick J. McAtee was pleased with the work done by Ms. Hart and Dr. Kretovics.

“I want to thank you for reaffirming our decision to be a part of AQIP was a good one,” Dr. McAtee said. “The opportunities for improvement were always presented in a positive way and we will work on the things we were told about.”
Loe named 19th Mr. Cinderfella

With 15 Cowley College male contestants competing in the 19th annual Mr. Cinderfella Pageant April 26 in the Robert Brown Theatre, James Loe took home the coveted title.

Loe impressed the judges in all three categories, which included beachwear/leisurewear, talent, and eveningwear. Loe dressed as a toga clad Olympic god being fed grapes by the goddess escorts as he was wheeled on stage on top of a utility cart during the beachwear/leisurewear category, and then wowed the crowd with his wonderfully executed Evolution of Dance for the talent portion of the show. He finishing up in eveningwear in a black suit and red-trimmed fedora.

Along with being named Mr. Cinderfella, Loe also was named the winner of the talent category. Sean Rethmeier was the winner of the beachwear/leisurewear category, while William Brantley was the eveningwear winner.

Shawn Ming finished as the first runner-up, while Joe Lauer was the second runner-up. Alexie Smith and Zach Whitener finished third and fourth, respectively.

The money raised from the event goes towards fund-raisers for Cowley College’s Act One and funds for next year’s Mr. Cinderfella show.

Keeping with the tradition of Miss Kansas serving as emcee, Michelle Walthers led the contestants through the evening.

The contestants were: Rashad Parker, Sean Rethmeier, Alexie Smith, Aaron Loehr, Danny Mouangdy, Kyle Chamberland, William Brantley, Nathan Cottingham, Joe Harvey, Sage Swaney, Blake Mackey, Shawn Ming, Joe Lauer, Zach Whitener, and Loe.

Other winners were: Best eyes — Danny Mouangdy. Wanna Take Him Home — Blake Mackey. Best Smile — Joe Lauer. Mr. Personality — Rashad Parker.

Members of the Cowley College Singers soak up the applause during its final performance of the school year.
Cowley College’s spring play, Moon Over Buffalo, kept the audience guessing during the shows performances held March 1-3 in the Robert Brown Theatre. The entertaining farce consisted of four male roles and four female roles. Members of the cast were, Brad Beeson, Kendra Dunagan, Kate Kearns, Heather Bailes, Joe Lauer, Lacey Bauman, Paul Koenke, and Chad Law. Rachele Bloyer served as the stage manager.

CRAZY FOR YOU™ is the story of Bobby Child, a well-to-do 1930’s playboy, whose dream in life is to dance. And despite the serious efforts of his mother and soon-to-be-ex-fiancée, Bobby achieves his dream! Memorable Gershwin tunes include I Can’t Be Bothered Now, Bidin’ My Time, I Got Rhythm, Naughty Baby, They Can’t Take That Away from Me, But Not for Me, Nice Work if You Can Get It, Embraceable You and Someone to Watch Over Me. It’s a high energy comedy which includes mistaken identity, plot twists, fabulous dance numbers and classic Gershwin music.

Cowley hires coaching legend Steve Eck as head men’s basketball coach

Named by the Wichita Eagle as one of the 11 greatest coaches in Kansas in the 20th Century, coaching legend Steve Eck was named the new head men’s basketball coach at Cowley College on March 19.

Eck replaces Brian Jackson as head coach of the Tigers as Jackson announced his resignation one day after Cowley’s season came to an end with a 71-69 loss to Garden City in the First-Round of the Region VI Tournament.

Eck is excited about coming to Cowley. “It’s a good school that has a good tradition and a good administration,” Eck said. “This was a good opportunity for me to get back to Kansas.”

Eck comes to Cowley from Redlands (Okla.) Community College where he led the Cougars to the 2001-02 NJCAA Division II national championship in his first year as head coach. During his second season, Redlands moved to the Division I level and won the Region II championship and advanced to the NJCAA Division I Tournament, making it the first time a school moved from Division II to Division I and made the National Tournament their first year.

In six years at Redlands, Eck compiled a record of 182 wins and only 22 losses. This past season, the Cougars finished 30-2 and were ranked No. 1 in the NJCAA poll for three weeks.

Overall, in 29 years as a head coach, Eck has a record of 590 wins and 78 losses.

Tom Saia, Cowley College athletic director, is looking forward to having Eck in charge of the Tiger men’s basketball program.

“I think we have got the top community college coach in the country,” Saia said.

Prior to coaching at Redlands, Eck went 80-22 in three years as head coach at Butler Community College. While at Butler, Eck guided his team to an eight-week hold on the top ranking in the national NJCAA poll, and was the first coach in school history to lead his team to a regional championship in his first two years.

Melody Bryson, a current student in the program, will earn her associates degree from Cowley in May and begin taking classes in the PET program at Wichita State University in the fall.

“The fact that they have this program offered in this location makes it a logical choice, it’s more convenient than driving all the way into Wichita,” Bryson said. “The teachers, staff and advisors have been with me every step of the way, providing continual support. Everyone throughout Cowley has been a rock.”

Bryson credits her involvement in the program to her being recently offered a job working in the Mulvane school district.

Shereee Utash, Cowley College Vice President of Student and Academic Affairs, along with Wichita State University’s Dr. Lori Miller, helped lay the groundwork for the program.

“The vision that began this whole thing was to put together something that would be a win-win situation for the local school districts, our students and Wichita State,” Utash said. “It’s a true model of a really successful collaborative effort.”

Donna Augustine-Shaw, Superintendent of schools in Mulvane, believes the program benefits all of the individuals involved.

“This program has been a dream for the district as well as the college,” Augustine-Shaw said. “One of the biggest benefits is that teachers who are preparing to enter schools and to consider education as a career, get a first hand experience in our classrooms and get to see the curriculum that is required of them.”

Janci Ramirez, who takes classes at the Arkansas City campus, was among the current students that took part in the open house/ribbon cutting ceremony. “I’m happy to be in the program,” Ramirez said. “It’s nice to be able to take classes in Arkansas City, it saves me a lot of money in gas and is convenient.”

The fall enrollment is expected to be at full capacity in the IDL classrooms.

“It’s a great problem to have,” Shirley Lefever-Davis, Department Chair for Curriculum Instruction at Wichita state University said.

With classes filling up, the future of the program has some tremendous growth abilities including the possibility of classes being taught online.

“I’m thrilled that the program is growing at the pace that it is,” Utash said.
Eck is probably most well known for the success he had prior to coaching at the junior college level as he led Wichita South High School to an incredible 10 consecutive Wichita City League titles from 1986-1996. During that time, Wichita South posted a staggering record of 227-15, including a 153-7 mark in league play. His teams reached the state Final Four eight consecutive seasons, winning six state championships.

Wichita South still holds the city league record of 51 straight consecutive wins in league action. Eck is listed as the highest winning percentage coach of high school coaches in the country with at least 200 wins.

Eck also served as the Associate Head Coach at NCAA Division I University of Missouri-Kansas City during the 1999-2000 season, where he helped revive the UMKC program. UMKC was 8-22 prior to Eck’s arrival, and during Eck’s season as Associate Head Coach, UMKC posted a 16-12 overall record, including a 10-6 mark in conference play.

Along with his team’s success on the court, Redlands had the highest team grade point average in NJCAA Division I four years (2001-02 to 2005-06) in a row. Also every sophomore Eck coached at Redlands graduated and received a scholarship to play at the next level.

BASEBALL

The Cowley College baseball team, which finished the regular season ranked 13th, fought its way back through the losers bracket to capture the Region VI title and advance to the JUCO World Series for the first time since 2002.

After dropping its first game in the region tournament, the Tigers rattled off six straight wins, including a 16-0 win over Garden City in the title game.

Cowley’s stay at the JUCO World Series was short lived as they lost to San Jacinto 11-3 and No. 1-ranked New Mexico Junior College 12-9. However, the Tigers had another stellar season as they captured their 11th conference title in the past 13 years, and finished with a record of 47-18.

Sophomore Mike Dabbs was named the Jayhawk Conference Eastern Division Most Valuable Player, while Dave Burroughs earned conference Coach of the Year honors.

SOFTBALL

The Cowley College softball team had its hopes of a third straight trip to the national tournament dashed with a pair of losses to Jayhawk East foe Johnson County in the championship round of the Region VI Tournament played at Wichita’s Two Rivers Youth Complex.

However, the Lady Tigers had another terrific season as they went 46-9 and won their fourth straight Jayhawk Conference Eastern Division title. Heather Davis finished her freshman year at Cowley with a record of 29-5. She led the nation with 309 strikeouts and was named the Most Valuable Player in the Jayhawk East.

Every starter on the No. 9-ranked Lady Tiger softball team received recognition on the all-conference team, while eight players received all-region honors.

WOMEN’S TRACK

Led by seven athletes garnering NJCAA All-American honors, the Cowley College women’s track and field team placed third at the NJCAA National Outdoor Track and Field Championships in Coffeyville.

Kelsey Poljansek led the way for the Lady Tigers as she was the national champion in both the shot put and discus. For her efforts, Poljansek was named the Women’s Field Athlete of the Meet. Poljansek tied the meet record in the shot put (48-4) and broke Cowley’s school-record in the discus (154-2).

Along with Poljansek being named an NJCAA All-American in the shot put and discus, three other Lady Tigers earned NJCAA All-American honors. Tamara McMillian was an NJCAA All-American in the hammer, Jackline Kipwambok earned All-American honors in the 3,000-meter steeplechase, and the 4x100-meter relay team of Amelia Lewis, Neisha Peterson, Jessica Johnson, and Aubree Dorsey garnered All-American honors.

The Lady Tigers also captured its first ever Region VI title to go along with its Jayhawk Conference Eastern Division title.

MEN’S TRACK

With Daniel Maina and Adam Wolkins capturing national titles in the 3,000-meter steeplechase and javelin, respectively, the Cowley College men’s track and field...
team placed third at the NJCAA National Outdoor Track and Field Championships in Coffeyville.

Maina added to his incredible list of accomplishments at the school by being named the national champion in the 3,000-meter steeplechase by more than 15 seconds. Stanley Mugo also ran well in the event and earned NJCAA All-American honors by placing third.

Wolkins capped a stellar freshman campaign by becoming the national champion in the javelin with a throw of 221-2. Bryan Tapia earned NJCAA All-American honors by placing third in the discus (162-1).

Luke Houser also garnered NJCAA All-American honors by placing third in the pole vault (14-11).

The 4x800-meter relay team of Mugo, Ferrien Harris, Dante Miller, and Maina finished third to earn NJCAA All-American honors.

Having never finished higher than third at the Region VI Outdoor Track and Field Championships, the Tigers made history by capturing Region VI and Jayhawk East titles.

WOMEN’S TENNIS

Completing the most dominating season in the history of the Cowley College women’s tennis program, freshman Kasia Siwosz completed an unbeaten season by capturing the No. 1 singles title Thursday at the NJCAA Women’s Tennis National Tournament in Tucson, Ariz. Cowley’s No. 1 and No. 2 doubles teams also finished stellar seasons by capturing national titles.

The three national titles helped Cowley finish fourth at the national tournament with 38 points. Lee College ended up taking home the team title, while Hillsborough and Tyler Community College finished second and third, respectively.

Siwosz defeated Hillsborough Community College’s Hiroko Nishikawa 6-3, 6-3 to claim the No. 1 singles title. Siwosz did not drop a set the entire season.

Siwosz then teamed with Karolina Porizkova to finish off a stellar season at No. 1 doubles. The duo defeated Nishikawa and Mizuho Nishimura from Hillsborough Community College 5-7, 7-5, 6-2 in the finals and lost just one match all season.

Hanane Toumi and Juliana Franco finished off an unbeaten season in doubles play as they beat Lee College’s Natalie Araya and Stephanie Rodriguez 6-0, 6-4 in the finals of No. 2 doubles. The duo finishes the season with a record of 18-0.

Cowley won eight of 10 matches during the regular season, captured the Region VI title, and capped the year with the fourth place national finish.

MEN’S TENNIS

Playing with just two sophomores at the NJCAA Men’s National Tennis Championship in Plano, Texas, the Cowley College men’s tennis team finished in a tie for seventh place.

Cowley nearly won the region title before being edged by Johnson County by one-half point. Eight of Cowley’s nine seeds competed in the finals and four won regional championships.

Cowley got regional singles titles from Diego Motivar and Clay Cypert, while Motivar and Richard Filkuka rallied from a loss of the first set to win the regional title at No. 2 doubles. The Tigers other regional championship came from Sean Cobble and Jim Blacketer at No. 3 doubles.

Sophomore pitcher Lance Hoge was named a first-team All-Jayhawk Conference Eastern Division performer as he finished the 2007 season with a record of 11-4 and an earned run average of 1.59.
oo’s

Shayla McDonald, Class of 2004, lives in Arkansas City. She graduated from Wichita State University in May. She was named Cowley’s Ambassador of the Year in 2004 and has fond memories of her time at the school.

Holly Beaty, Class of 2003, lives in Arkansas City. She has two children, Gabriel 2, and Noah six months. She serves as a staff accountant at South Central Kansas Regional Medical Center.

Susan Rowl, attended Cowley in 1995 and 2001, lives in Haysville, Kan. She and her husband, David, have four children, Jessica Turner 25, Jason Turner 21, Megan Turner 19, and Mandy Turner 11. Jason played golf at Cowley as a freshman and graduated in 2006. Susan is an administrative assistant at Sunflower Bank, while David is a program manager at Raytheon.

90’s

Richard Tieperman, Class of 1999, lives in Winfield. He is the produce manager at Dillons in Winfield.

Melvin Randle, Class of 1997, lives in Wichita.

Dr. Patrick Blatchford, Class of 1995, and his wife Tricia Thornburgh, live in Roanoke, Va. The couple are expecting their first child this month. Dr. Blatchford works as a chief surgical resident at the Carilion Clinic. Tricia is a psychologist.

Kim McDonald, Class of 1995, and her husband, Scott, live in Mobile, AL. The couple have two sons, Dayne 3, and Brooks eight months old. Kim is a Library Media Specialist for St. Paul’s Episcopal School, while Scott is a history teacher and baseball coach at the school.

Tammy (Roberts) Swingle, Class of 1993, and her husband, Brien, live in Argonia, Kan. The couple have two children, Mallory 10, and Mylee 8. Tammy works in the food service industry for the Argonia Elementary/High School, while Brien works on signal maintenance for BNSF Railroad. She has fond memories of playing volleyball for Deb Nittler and the fun bus trips she shared with her teammates.

we heard from

Jason Chase, Class of 1993, and his wife, Javelyn, live in Santa Monica, Ca. He is head of artists and representatives for XITRITE Records. Jason is planning a fundraiser concert for the victims of the tornado in Greensburg, KS. The date is tentatively set for Sept. 29-30 at Arkansas City’s Wilson Park.

80’s

Michael Ball, Class of 1987, and his wife, Beth, live in Rose Hill, Kan. The couple have two sons, Sean 24, and Cory 22. They also have a grandson, Michael Sean Skov, that was born earlier this year. Michael is employed as a detective sergeant, while Beth is a customer administrator.

Ben Anderson, Class of 1984, and his wife, Linda, live in Haysville, Kan. The couple have two sons, Travis 14, and Tanner 12. Ben works as a corrections officer for Sedgwick County Youth Services, while Linda is a registered nurse. Ben was a member of Cowley’s last football team and earned all-conference honors as a sophomore. He considers former Tiger coaches Bill Yocum, Jim Meisner and Larry Lauderdale to be the best coaches he ever had in football.

LaReece Danell (Bohannon) Farlow, Class of 1981, and her husband live in Charlotte, N.C. She is an administrative assistant at Macy’s, while her husband owns Farlow Improvements Inc.

Richard Tatum, Class of 1980, and his wife, Kimberly, live in Burden, Kan. Richard serves as a transportation manager for U.S.D. 462, while Kimberly is the Director of Human Resources for the Kansas Commission on Veterans’ Affairs.

Martha (Wilson) Wellman, Class of 1980, and her husband, Loren “Jackson” Wellman, Class of 1999, live in Belle Plaine, Kan. The couple have a son, Andrew 23, and a daughter, Mary 9. Martha has taught fourth grade at Belle Plaine Elementary for the past 25 years, while Loren is a maintenance worker. She fondly recalls being in the Cowley band/jazz band under the direction of Kerry Hart.

70’s

Pamela Whitt, Class of 1973, and her husband, Marcus, live in Edmond, Okla. The couple have one son, Evan. Pamela is employed as a manager for the Hertz Corporation, while Marcus is a site security manager for the Perini Corporation.

60’s

Gevena (Helphingstine) Rutkoski, Class of 1968, and her husband, Stan, live in Milpitas, Calif. The couple have three sons, Robert, Adam and Tony. They also have eight grandchildren. Gevena is an administrative assistant at Calvary Assembly, while Stan serves as a senior pastor/minister.

Diana (Brown) Gibson, Class of 1965, and her husband, Tom, Class of 1961, live in Blue Springs, Mo. The couple have a daughter, Kimberly. Diana retired in May 2006 after serving 38 years as a flight attendant for TWA and American Airlines. Tom retired in 2001 after spending 28 years as a sales manager for American General Life Insurance. Tom has fond memories of his time playing football at Cowley for coaches Clint Weber and Ben Cleveland. The couple enjoys spending time with their four granddaughters and are actively involved in their church. They also spend a lot of time working in their yard.

50’s

Tom Baird, Class of 1957, and his wife, Joy, live in Montrose, Colo. The couple have six children and eight grandchildren. Tom graduated from Kansas State University in 1961 and retired from the Bureau of Land Management as District Engineer in 1985. He continued to provide engineering consulting with a local firm for four years after his retirement. The couple do volunteer work in several areas, such as Habitat for Humanity and Meals on Wheels. Tom is active in the Montrose Rotary Club with 36 years of membership.

Robert Lindly, Class of 1954, and his wife, Shirley, live in Dexter. The couple have two children, Jim and Cheryl Lindly. After graduating from ACJC, Robert went on to graduate from Southwestern College in 1970. He worked for the Internal Revenue Service for 15 years and then ran a mail order business with his wife, Shirley, for 20 years before retiring in 1995.

Barbara Tomashoff, Class of 1954, and her husband, Walter, live in Bothell, Wa. Since retiring from teaching several years ago, Barbara enjoys traveling the United States with her husband. Time spent in Kansas is always a highlight and brings back fond memories of her years at ACJC.

Ted Foote, Class of 1954, and his wife, Bernice, live in Charlotte, N.C. The couple have two daughters. After graduation from ACJC, Ted worked in the oil fields and served two years in the Army. After completing his military duty, he went to work for a major oil company. He retired from Gulf Oil/BP Oil in 1992 after working for the company for more than 30 years. At retirement he was a Real Estate Site Developer assigned to North and South Carolina. Since retirement he has continued to work as a commercial real estate broker.

Robert Lindly, Class of 1954, and his wife, Shirley, live in Dexter. The couple have two children, Jim and Cheryl Lindly. After graduating from ACJC, Robert went on to graduate from Southwestern College in 1970. He worked for the Internal Revenue Service for 15 years and then ran a mail order business with his wife, Shirley, for 20 years before retiring in 1995.

Gary Baker, Class of 1954, and his wife Jeanette, live in So. Charleston, WV. The couple have four children and seven grandchildren. After ACJC, he and Jeanette graduated from Kansas State University in 1959 and were married the same year. Gary worked for Union Carbide Corp. in West Virginia for over 35 years and has been retired for over 10 years. The couple enjoy working in their flower and water gardens, traveling, and spending time with their children and grandchildren. Gary fondly remembers playing lots of table tennis, especially with Linwood Burns and Lafayette Norwood.

Helen Bossi, Class of 1954, and her husband, Frank, live in Arkansas City, Kan. The couple enjoy spending time with their children and grandchildren. Helen served as President of the Hospital Auxiliary from 2004-2005 and received the Corner Bank’s Cornerstone Award for community service in April 2006. Their son-in-law, Brent Mackey, graduated from Cowley in 1986 and their daughter-in-law, Julie (Priest) Bossi, graduated from Cowley in 1992.
**Bill Sheldon**, Class of 1953, and his wife Jo Ann Sheldon, live in Arkansas City. The couple have two sons, Craig and Arlen, and four grandchildren. After ACJC, Bill served two years in the Army. He then continued his education at the Okmulgee (Okla.) Technical College. He went on to do drafting work for Born Stone at Silverdale before opening Sheldon's Service, which eventually converted to Sheldon's Pawnshop. He also has had a successful venture in real estate.

**Alan Austin**, Class of 1954, lives in Rogers, Ark. He serves as a documentarist at PBS and CBS.

**Edgar Scroggins** and his wife, Rita, live in Hulbert, Okla. The couple have two daughters. After ACJC, Edgar graduated from Oklahoma State University in 1955 and earned his master’s degree from St. Louis University in 1965. He went on to work 43 years as an electrical engineer.

**Clarence Milbourn**, and his wife, Carol (Chaplin) Milbourn, live in Roanoke, VA, in the summer and Mesa, AZ, in the winter. The couple has three children and five grandchildren. After ACJC, Clarence served two years in the Army and afterwards, five years employed at Beach Aircraft. In 1962, he worked for NASA in Houston, Texas as a Contract Price Analyst and for the next five years was involved in the development of the nation’s major space efforts. In 1967, he was reassigned by NASA to its headquarters in Washington, D.C. In 1983, he was appointed by NASA to the Senior Executive Service and was involved in the development of the Space Shuttle and later the early development of the Space Station. He retired from NASA in 1989 at which time he was the Director of Contract Pricing and Finance in the Office of Procurement. Carol does research in genealogy. The couple enjoys hiking in their free time.

**Irma (Wittenborn) Hinson**, Class of 1953, and her husband, James, Class of 1949, live in Arkansas City. The couple enjoyed their time at ACJC and hope all five of their grandchildren that live in Arkansas City graduate from Cowley.

**Sallie Heer**, Class of 1953, and her husband, John Heer, live in Brownsville, Texas. The couple have three children, nine grandchildren and two great grandchildren. After ACJC, Sallie graduated from Fort Hays Kansas State College with a bachelor’s in education. She taught in Kansas, South Dakota, Florida and Texas. Since moving to Texas she has taken the required courses at Texas University to become certified in teaching Special Education classes. Now as a retired teacher, she serves as a substitute teacher in the Brownsville school district. John is a minister and educator. The couple enjoys traveling. Sallie also enjoys reading, sewing and embroidering in her Bernina 200 sewing and embroidery machine.

**40’s**

**Wally Laughlin**, Class of 1949, and his wife, Mary, live in Los Alamitos, Ca. The couple have seven children and eight grandchildren. Wally worked as an engineer. The couple recently celebrated their 50th wedding anniversary.

**30’s**

**Captola (Shelhamer) Yust**, Class of 1938, lives in El Paso, Texas. She has three children, Diana 65, Greg 63, and George 57. Her picture appeared in a recent article of the Arkansas City Traveler. The article was about a bathing beauty contest she took part in back in 1936. She keeps busy by going to church, playing bridge, and playing hymns at a local retirement home.

**’36 Sara Ruth Yost**

Sara Ruth Yost died March 14, 2007, in Oklahoma City, Okla. She was 88. She was born March 25, 1918, in Arkansas City. She is survived by her son, Harvey D. Yost II; daughter-in-law, Cynthia Yost; five grandchildren, a niece and nephew.

**’52 Robert “Bob” Warrender**

Robert “Bob” Warrender died March 12, 2007, in Ashton. He was born May 30, 1932, in Ashton. He is survived by several cousins.

---

engineering technology. John E. DeLeon said. “I believe we are providing a pathway that is very much needed in this state and in the nation.”

Dixie Schierlman, associate dean of student life/director of college advancement at Kansas State at Salina, said it is part of the Board of Regents initiative to work with other colleges in the state to make opportunities available for college students to obtain bachelor’s degrees.

According to K-State at Salina’s Raju Dandu, who serves as an associate professor in the Mechanical Engineering Technology Department, student’s that graduated from Kansas State’s technology programs over the past few years had a 100 percent employment rate.

“This is a great opportunity for students of Cowley who want to pursue a bachelor’s degree,” Dandu said. “This will provide a quality of life for the students and the community.”

“We are hoping when they step in the doors of Cowley College as freshmen their end goal will be to transfer into our program and get a bachelor degree at K-State,” Schierlman said.

“We share kind of the same mission with K-State at Salina as they look at putting their students to work in business and industry,” Crouse said. “This is a two-way street, where we can end up recruiting for K-State, and they will also help us by encouraging students to come through the Career and Tech Ed and to follow this four-year path.”

Along with the partnership with K-State, Cowley is also planning a partnership with Southwestern College with its new Leadership Degree, along with the EMS emphasis in that degree.

“This is the future of education for us, for universities, and for our students,” Utash said.
