## Forward

Campus security and safety are important issues in postsecondary education today. Providing students nationwide with a safe environment in which to learn and keeping students, parents and employees well informed about campus security are goals that have been voiced by many groups. These goals were advanced by the *Crime Awareness and Campus Security Act of 1990*. The U.S. Department of Education (ED) is committed to ensuring that postsecondary institutions are in full compliance with this act, and that the enforcement of the act remains a priority.

Compliance with this act, now known as the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*, or *Clery Act*, (1998) provides students and families, as higher education consumers, with the information they need to make informed decisions. Interested parties may access the purpose and requirements of this act on-line by going to the following website:

<http://www2.ed.gov/admins/lead/safety/campus.html>

In accordance with the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990 (amended 1998)*, Cowley County Community College prepares an Annual Security Report. This report includes general safety and security information, College policies related to investigation of incidents, selected crime statistics, fire information, and other information of interest to students, faculty, staff, prospective students and prospective employees.

This report may be obtained via the Cowley College Campus Security and Public Safety web site <http://www.cowley.edu/security/index.html> Paper copies can be obtained from the various College registration sites, Human Resources offices and the College Campus Security and Public Safety Department, or by request to the Director of Campus Security and Public Safety

Cowley County Community College is committed to maintaining a safe and secure campus for all students, faculty, staff and visitors who comprise our thriving and diverse community. This report is provided for the benefit of our community members, current and prospective students as well as our employee base.

The Administration, Campus Security and Public Safety Department, Student Life Department, Housing Department, Athletic Department and others work year-round to implement and maintain safety and security initiatives. Partnerships with city, county, state and federal governments and other external organizations play an important role in keeping Cowley County Community College campuses safe also.

We encourage you to review this report and contact us if you have any questions, comments or suggestions. This report is prepared for the College community by the Cowley County Community College Campus Security and Public Safety Department, 125 S 2<sup>nd</sup> Street, Arkansas City, KS 67005, (620)441-5599.

### **General Information**

Under authority of the President of Cowley County Community College, the Director of Campus Security and Public Safety or his/her designee, will coordinate each year the campus initiative to compile data, review policies and prepare the annual security report pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and other applicable laws and regulations. In addition to working with appropriate campus offices and individuals, the College will work with local law enforcement agencies to collect appropriate criminal statistical data for inclusion in the report. The College will produce a final report for publication via the Cowley College Campus Security and Public Safety Department's web site and distribute paper copies as may be appropriate.

Notification of the availability of the report will be made to all currently enrolled students, faculty and staff members. Notification will be made to each individual by electronic means and/or via individual mailings. The final report will be available to all interested persons, including prospective students and prospective employees via Cowley County Community College internet web site (<http://www.cowley.edu>) annually on or before October 1st.

### **Requirements of the Clery Act**

#### **1. Policy Disclosure**

Cowley County Community College is required to provide the campus community and the public with accurate statements of its current policies and practices regarding:

- o Procedures for students and others to report criminal actions or other emergencies occurring on campus;
- o Security of and access to campus facilities; and
- o Campus law enforcement.

#### **2. Records Collection and Retention**

Cowley County Community College is required to keep some campus records and to request records from law enforcement agencies.

- o We keep records of crimes reported to campus security authorities.
- o We must also make a reasonable good-faith effort to obtain certain crime statistics from appropriate law enforcement agencies to include in an annual security report and the Web-based report to DOE. [Local police statistics cite 34 CFR 668.46(c)(9)]
- o We are required to keep a daily crime log that must be open to public inspection. [Local police statistics cite 34 CFR 668.46(f)]

#### **3. Information Disclosure / Dissemination**

We are required to provide campus community members with information necessary to make informed decisions about their safety, and disseminate information in several ways. We will:

- o Provide a 'timely warning' of any Clery Act crime that might represent an ongoing threat to the safety of students or employees; [Timely warning cite 34 CFR 668.46(e)]
- o Provide access to our crime log at our office or on our website;
- o Publish an annual security report and distribute it to all current students and employees, and inform prospective students and employees about the content and availability of the report; Clery Act crime that might represent an ongoing threat to the safety of students or employees; [Annual security report cite 34 CFR 668.46(b)]
- o Inform the campus community where to obtain information about registered sex offenders; and
- o Submit our institution's annual crime statistics to the U.S. Department of Education through its Web-based data collection system. [Annual submission cite 34 CFR 668.41(e)(5)]

The Clery Act requires institutions to disclose five general categories of crime statistics and fire reports:

1. **Types of Offenses: Criminal Homicide, including: a) Murder and Non-Negligent Manslaughter; and b) Negligent Manslaughter; Sex Offenses including: a) forcible, and b) non-forcible; Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson.**
2. **Hate Crimes—Disclose whether any of the above- mentioned offenses, or any other crimes involving bodily injury, were hate crimes; and**
3. **Arrests and Referrals for Disciplinary Action for illegal weapons possession and violation of drug and liquor laws.**
4. **Violence Against Women Reauthorization Act of 2013—collection and reporting of information regarding incidents of dating violence, domestic violence, sexual assault, and stalking.**
5. **Fire Information**

**Arrest for Clery Act purposes** is defined as persons processed by arrest, citation or summons.

**Referred for disciplinary action** is defined as the referral of any person to any official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction.

#### **Responsible Security Authorities Identified**

The Clery Act mandates that institutions must disclose statistics both for crimes reported to local police agencies and crimes reported to campus security authorities. The intent of including non-law enforcement personnel as campus security authorities is to acknowledge that many individuals, and students in particular, are hesitant about reporting crimes to the police, but may be more inclined to report incidents to other campus-affiliated individuals. The Clery Act regulations define a campus security authority as:

- A member of a campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. **An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.**

The function of a campus security authority is to report to the appropriate law enforcement personnel, either campus police or local police, or to an official or office designated by the institution, those allegations of Clery Act crimes that he or she concludes are made in good faith. A campus security authority is not responsible for determining authoritatively whether a crime took place—that is the function of law enforcement personnel.

Certain individuals who have significant responsibility for student and campus activities are exempted from disclosing information: [Campus security authority exemptions cite 34 CFR 668.46(a) definitions]

- **Pastoral counselor.** A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- **Professional counselor.** A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his

or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

**Cowley County Community College Policy Statement - Disclosure of Crime Statistics**

The Campus Security and Public Safety Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report may be prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, the Student Life Department, and the Housing Department. Campus crime, arrest and referral statistics include those reported to the Campus Security and Public Safety Department, designated campus officials (including but not limited to directors, department chairs, administrators, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. Kansas Statutes requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at Health Services) when they provide medical services to a person they know or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct. College counselors inform their clients of the procedures to report crime to the Campus Security and Public Safety Department on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session. Each year, an e-mail notification is made to all college stakeholders that provides the web site to access this report. Copies of the report may also be obtained at the Campus Security and Public Safety Department's office located in the Nelson Student Center, 115 S 3<sup>rd</sup> Street, Arkansas City, KS 67005, all course registration sites, through Student Life Services, the Human Resources office, or by accessing the Cowley County Community College website located at: [www.cowley.edu](http://www.cowley.edu). For the purposes of this report, hate crimes are generally described as those that are motivated by gender, sexual orientation, religion, national origin, disability, or race.

**Availability of Annual Security Report**

**Cowley County Community College Policy Statement - Availability of Annual Security Report**

The Cowley County Community College Annual Security Report includes statistics for the previous five years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by the College; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. You can obtain a copy of this report by contacting the Executive Director of Student Affairs, the Director of Campus Security and Public Safety, the Director of Human Resources, all course registration sites, or by accessing the Cowley County Community College website located at: [www.cowley.edu](http://www.cowley.edu). Past annual security reporting documents are archived and also made accessible upon request.

**Timely Warnings**

In order to keep the campus community informed about safety and security issues on an ongoing basis, the Clery Act mandates that an institution must alert the campus community of certain crimes in a manner that is timely and will aid in the prevention of similar crimes. These crimes must include all Clery Act crimes that are:

- Reported to campus security authorities or local police agencies; **and**
- Are considered by the institution to represent a serious or continuing threat to students and employees.

A 2008 amendment to the Clery Act directs that a timely warning be given to the campus community as soon as possible following an incident or an on-going incident or situation that affects the safety of the campus community.

The warning should be issued as soon as the pertinent information is available because the intent of a timely warning is to alert the campus community of continuing threats especially concerning safety, thereby enabling community members to protect themselves.

**Cowley County Community College Policy Statement - Timely Warnings**

In the event that a situation arises, either on or off campus, that, in the judgment of the Director of Campus Security and Public Safety and/or the President, and/or the Executive Director of Student Affairs, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued.

**Process:**

Following the notification of an emergency situation by either off-campus Emergency Agencies or an on-campus report, the President, Executive Director of Student Affairs or the Director of Campus Security and Public Safety or their designee(s) will assess and verify the report and determine if an incident presents an immediate or ongoing threat to the College community. One or all of these College Officers will then direct or implement a Timely Warning. If the information has been verified, the warning will be issued through: The LiveSafe Mobile App and Notification System (push notifications, SMS, and/or email notification to stakeholders who have subscribed or registered for notifications), The **BlackBoard Connect** Emergency notification system (phone calls to stakeholders, text messages to stakeholder cell phones, e-mails to stakeholder e-mail accounts, social media post, etc.), the campus Emergency Response Intercom System (E.R.I.S.), and postings on the College website and social media websites. In such instances, a copy of the notice will also be posted in each residence hall and to the Director of Disability Services. Anyone with information of an emergency situation warranting a timely warning should report the circumstances to the Campus Security and Public Safety Department at 620-441-5599, or in person to any Campus Security and Public Safety officer or at the Campus Security and Public Safety Office located in the lobby of Storbeck Dormitory. Tornado shelter areas are identified in the Crisis Management Plan and in the Housing Handbook. All College Stakeholders are directed to download the LiveSafe Mobile App and enroll in the BlackBoard Connect Emergency notification system.

**Procedures for Testing Timely Warnings and Notifications**

Each semester the Office of Academic Affairs, Student Life Department, Housing Department, and the Campus Security and Public Safety Department shall jointly participate in tests of the LiveSave Mobile App and of the BlackBoard Connect Emergency notification system. Automated phone calls are made to recipients, test messages and emails are sent out which reaches stakeholders through text messages and personal computer messages. Additionally, E.R.I.S. will also be tested to ensure functionality. Following these tests, results are analyzed and adjustments to recipient or system anomalies performed.

**Cowley County Community College Policy Statement - Reporting Criminal Offenses**

**Reporting Criminal Offenses**

The act of reporting a criminal offense is necessary to ensure the protection and rights of victims, help bring about the resolution of the criminal offense, and to introduce the criminal offense to both review by campus authorities and law enforcement authorities. It is the responsibility of all College stakeholders to report any criminal

offense they are aware of either as a victim, witness or receiver of information in a timely manner. Campus Security and Public Safety incident reports indicating violation of College rules, regulations and policies by students are forwarded to the Division of Student Life Services. Crime reports are forwarded to the appropriate law enforcement agency for that location, and if prosecution occurs, crime reports are forwarded to the Court system.

**To report a crime:**

- o For any crime in progress, suspicious circumstances/characters, weapons violations, mental health issues, or medical emergencies, Call 911, then:
- o Call Campus Security and Public Safety at 620-441-5599 using phone or the LiveSafe Mobile App, or the exterior red emergency campus phones.
- o The college has initiated a silent witness program for anonymously or confidentially reporting crimes via the Internet. The program may be accessed at: <http://www.cowley.edu/security/reportcrime.html>. Anonymous reports/tips may also be submitted through the LiveSafe Mobile App.

**For non-emergencies, call** Campus Security and Public Safety at 620-441-5599.

Any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings or around the residence halls should be reported. In addition, you may report a crime to the following areas:

1. Executive Director of Student Affairs 620-441-5253
2. Vice President of Academics 620-441-6584
3. Vice President of Finance and Administration 620-441-5207
4. Director, Human Resources 620-441-5214
5. Coordinator of Health Services 620-441-5236
6. Housing Director 620-441-5289
7. Athletic Director 620-441-5246
8. Student Life Counselor 620-441-5228

For off-campus options you may refer to all resources listed above.

**Voluntary Confidential Reporting**

**Cowley County Community College Policy Statement - Voluntary Confidential Reporting**

If you are the victim of a crime and do not want to pursue action within the Cowley County Community College System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director or a designee of the Campus Security and Public Safety Department can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the College can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

**Limited Voluntary Confidential Reporting**

**Cowley County Community College Policy Statement - Limited Voluntary Confidential Reporting**

The Cowley County Community College Campus Security and Public Safety Department and all local law enforcement agencies encourages anyone who is the victim or witness to any crime to promptly report the incident. Because police reports are public records under state law, law enforcement agencies cannot hold reports of crime in confidence.

**Security and Access to Facilities**

**Cowley County Community College Policy Statement - Security and Access to Facilities**

During business hours, the College (excluding housing facilities) will be available to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all College facilities is by key if issued, or by admittance via the Campus Security and Public Safety Department. In the case of periods of extended closing, the College will admit only those with prior written approval to all facilities. Residence halls are secured 24 hours a day. Some facilities may have individual hours, which may vary at different times of the year. Examples are the Athletic Complex, Nelson Student Center, W.S. Scott Auditorium. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility. If and when a problem area is identified that poses a compromise to the safety and security of College stakeholders, the Campus Security and Public Safety Department will meet with other College departments to identify the correct solution and resolve the problem.

**Campus Law Enforcement**

**Cowley County Community College Policy Statement**

The Cowley County Community College Campus Security and Public Safety Department is comprised of Campus Security and Public Safety Officers. Cowley County Community College Campus Security and Public Safety Officers have the authority to request identification and to determine whether individuals have lawful business at Cowley County Community College. Campus Security and Public Safety Officers have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Campus Security and Public Safety Officers have the authority to enforce College rules, regulations and policies, to investigate violations of them, report the investigative findings to both authorized College officials and local law enforcement, and to issue citations for such violations. Felony criminal incidents are reported to local law enforcement. Misdemeanor criminal incidents are reported to local law enforcement. Campus Security and Public Safety Officers may detain suspects in a criminal incident, but do not possess Kansas Law Enforcement Officer powers of arrest. The Cowley County Community College Campus Security and Public Safety Department maintains a highly professional working relationship with criminal justice agencies regionally and across the state, including but not limited to:

Arkansas City Police Department, Winfield Police Department, Mulvane Police Department, Wichita Police Department, Cowley County Sheriff's Department, Sumner County Sheriff's Office, Sedgwick County Sheriff's Office, Kansas Bureau of Investigation, Kansas Department of Corrections, and the Kansas Highway Patrol. The agency also works cooperatively with federal agencies that have an investigative nexus from time to time with our students, faculty, staff, and visitors. The above agencies may have contributed information for this Annual Security Report.

All crime victims and witnesses are strongly encouraged to immediately report criminal incidents, as prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics. The Arkansas City main campus is staffed by Campus Security and Public Safety Officers around the clock; the Winfield Allied Health Center, The Mulvane Center, Bloomenshine, Mulvane IT, nor the Wichita Center are not typically staffed. The Campus Security and Public Safety officers have access to the Cowley County Emergency Communication Center to conduct inquiries of persons and property, and may be

dispatched through Cowley County Emergency Communications. The offices of the agency have compatible frequencies with emergency responders and others in the region.

**Cowley County Community College Policy Statement Addressing Counselors for Confidential Reporting**

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rulemaking committee defines counselors as:

**Pastoral Counselor**

An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

**Professional Counselor**

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

**Security Awareness Programs**

**Cowley County Community College Policy Statement - Security Awareness Programs**

During orientation in a course entitled "Cowley 101", students are informed of services offered by the Campus Security and Public Safety Department. Dormitory residents also receive Safety and Security information in their housing handbooks. Media is also posted in the residence halls outlining ways to maintain personal safety. Additional media relating to Sexual Assault, Alcohol and Drug Abuse is also placed in key locations across campus. Similar information is presented to new employees. Crime Prevention Programs are offered upon request or when deemed necessary. Sexual Assault Prevention Programs are offered to all college stakeholders. These programs are mandatory for first year experience students as well as for all staff and faculty annually. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. When time is of the essence, information is released to the college community through security alerts posted prominently throughout campus, through computer memos sent over the College's electronic mail system, and other conspicuous methods.

The Campus Security and Public Safety Office is open 24 hours a day throughout the year, and officers are always on duty. They perform patrol throughout residence halls and the campus, respond to emergencies, alarms, and calls for assistance, perform investigations and provide other needed services. Video surveillance capabilities are utilized at the Arkansas City main campus as well as some outlying campuses.

**Criminal Activity Off-Campus**

**Cowley County Community College Policy Statement - Criminal Activity Off-Campus**

When a Cowley County Community College student is involved in an off-campus offense within the Arkansas City, city limits, Campus Security and Public Safety Officers may assist with the investigation in cooperation with local agencies when requested. Local law enforcement routinely works and communicates with campus officers on any serious incidents occurring on-campus or in the immediate neighborhood and business areas surrounding campus. Arkansas City Police and Campus Security and Public Safety Officers have direct radio communications with Cowley County 911 dispatch to facilitate rapid response in any emergency situation.

**Alcoholic Beverages**

**Cowley County Community College Policy Statement on Alcoholic Beverages**

The unlawful possession, sale or the furnishing of alcohol on any Cowley County Community College campus is prohibited. Laws regarding the possession, sale, consumption or furnishing of alcohol is controlled by the State and local statutes. However, the enforcement of alcohol statutes and regulations on-campus is the primary responsibility of the Campus Security and Public Safety Department. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of the Cowley County Community College Alcohol Policy for anyone to consume, be under the influence of, or possess alcohol in any public or private area of campus, without written approval by the College President. Any College student or employee violating alcohol policies may be subject to sanctions by the College. If students violating alcohol policies remain enrolled, they must attend alcohol abuse counseling and an alcohol abuse education course.

**Illegal Drugs**

**Cowley County Community College Policy Statement - Illegal Drugs**

The possession, sale, manufacture or distribution of any controlled substance is illegal under local, state and in some instances federal laws, and against College rules, regulations and policies. These policies are strictly enforced by the Campus Security and Public Safety Department, and local, state, and federal law enforcement. Violators are subject to College disciplinary action, criminal prosecution, fine and imprisonment. If students violating illegal drug policies remain

enrolled, they must attend drug abuse counseling and a drug abuse education course.

**Alcohol and Substance Abuse Information**  
**Cowley County Community College Policy Statement - Alcohol and Substance Abuse Education**

**Prevention Programs**

The College utilizes AlcoholEdu to prevent the abuse of alcohol and other illegal substances by students and employees. The College has implemented this program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. These programs provide services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals and college disciplinary actions. If a student has been found in violation of the College's alcohol and drug policies, they must report to the College's Student Life Counselor for assessment and counseling. The Student Life Counselor may also refer them to an Alcohol and Drug Abuse awareness course, which must be completed. Additional fines and penalties are administered by Campus Security and Public Safety or Student Life Services Departments. In addition, employees who self-report a problem or are involved in a noted incident while at work will be referred for services through an Employee Assistance Program by Human Resources. The State of Kansas sets 21 as the minimum age to purchase, possess or consume any alcoholic beverage.

**Sex Offenses**

The FBI's National Incident-Based Reporting System (NIBRS) edition of the Uniform Crime Report (UCR) defines a sex offense in general as any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.

**Cowley County Community College Policy Statement - Sex Offenses**  
**Sexual Assault Prevention and Response**

The College educates the student community about sexual assaults and date rape through numerous media sources including the Student Handbook, Housing Handbook, an online education system Haven (Understanding Sexual Assault), and at media locations on campus. The Campus Security and Public Safety Department offers sexual assault education and information to College all students and employees and these resources are available anytime upon request. Literature on date rape education, risk reduction, and College response is available through the Student Life Counselor, Coordinator of Health Services, and the Campus Security and Public Safety Department. If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. The Campus Security and Public Safety Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. Any assault should be reported directly to 911. Making a report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from any College Authority or Law Enforcement Officer. Making a report will ensure that a victim of sexual assault receives the necessary medical treatment and tests (at no expense to the victim), provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, or change clothing prior to a medical exam), and assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention. When a sexual assault victim contacts Campus Security and Public Safety, Officers will first ensure the safety of the victim then

initiate a criminal investigation. The College President, Executive Director of Student Affairs, Housing Director and the Student Life Counselor will also be notified. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the College, or only the latter. The Student Life Counselor will guide the victim through the available options and support the victim in his or her decisions. Various counseling options are available from the College through the Student Life Counselor, College Health Services, and an Employee Assistance Program. Counseling and support services outside the College can be obtained through the Women's Crisis Center.

College disciplinary proceedings are detailed in complete documentation of the due process procedure available in the Division of Student Affairs, or on the Student Life Web page at:

[http://www.cowley.edu/student\\_services/counsel/index.html](http://www.cowley.edu/student_services/counsel/index.html). Both the victim and accused will be informed of the outcome of the hearing. A student found guilty of violating the College sexual misconduct policy could be criminally prosecuted in the state courts and may be suspended or expelled from the College for the first offense. Student victims have the option to change their academic and/or on-campus living situations after an alleged sexual assault, if such changes are reasonably available.

**Cowley County College Policy Statement - Addressing Disclosures to Alleged Victims of Crimes of Violence or Non-Forcible Sex Offenses**

Cowley Community College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Cowley County Community College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

**Registered Sex Offenders on Campus**

Upon release from prison, individuals convicted of sex crimes are required to register with law enforcement agencies (under laws referred to as "Megan's Laws"). If registered sex offenders are enrolled at, or employed at a postsecondary institution, the offenders must also provide this information to the state. The information is then provided by the state to campus police departments or to other law enforcement authorities in the jurisdiction where the institution is located.

**Cowley County Community College Policy Statement - Sexual Offender Registration**

The Campus Sex Crimes Prevention Act (CSCPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSCPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act. The federal law requires state law enforcement agencies (in Kansas, it is the Kansas Bureau of Investigation) to provide Cowley County Community College with a list of registered sex offenders who have indicated that they are either enrolled, employed or carrying on a vocation at Cowley County Community College. This list is provided to the Executive Director of Student Affairs. A list of all known registered sex offenders in Kansas is available via the Internet from the Kansas Bureau of Investigation at:

<http://www.kbi.ks.gov/registeredoffender/>

Cowley College's Arkansas City and Winfield campuses are located in Cowley County, Cowley College's Mulvane campuses are located in Sumner County, Cowley College's Wichita campus is located in Sedgwick County.

Also, persons may go to the national sex offender search site at: <http://www.nsopw.gov/> CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders. This statement is provided in compliance with the Campus Sex Crimes Prevention Act of 2000 and the Kansas Offender Registration Act (KORA) of 2003, KSA 22-4902.

#### **Procedure for Handling Complaint**

1. Any person who believes he or she has been the victim of harassment or violence by a student, faculty member, staff member, administrator, or other College employee because of sex, sexual orientation, and/or gender identity, should report the conduct to the College Title IX Coordinator, 620-441-5557, jim.brown@cowley.edu. Students are also encouraged to speak to any member of the College full-time faculty or professional staff as these individuals are mandatory reporters of student complaints. The College considers notice of a student complaint to a full-time faculty member and /or professional staff member to be official notice to the College. The faculty member or professional staff member receiving the complaint is required to notify the Title IX Coordinator in writing immediately. Any person with knowledge or belief of conduct which may constitute harassment or violence toward a student, faculty member, staff member administrator, or other College employee because of that person's sex, sexual orientation, and/or gender identity should report the alleged conduct immediately to his or her supervisor, Human Resource Director, or to the College Title IX Coordinator.

2. Within two (2) calendar days (excluding weekends and College approved holidays and closings) of the receipt of the complaint, the Title IX Coordinator shall designate the incident investigating officer or officers who will investigate the complaint (such individual or individuals shall not be the party charged with having committed the alleged harassment and/or violence).

3. A written statement from the reporting person (complainant) shall be obtained by the designated officer(s) within two (2) calendar days (excluding weekends and college approved holidays and closings) of their designation and request complainant have no contact with the respondent pending the investigation. The investigating officer will then immediately contact the respondent, inform the person of the basis of the complaint and provide the person an opportunity to respond with a written statement. The investigating officer shall specifically request that the respondent have no contact with the complainant pending the investigation. The respondent will then have two (2) calendar days (excluding weekends and College approved holidays and closings) from the date of notification to make a written response to the investigating officer.

4. Upon receipt of the response(s), the investigating officer shall report in writing to the Title IX Coordinator the fact findings of the investigation and shall notify the complainant and the respondent of said fact findings in writing within fourteen (14) calendar days (excluding weekends and College approved holidays and closings) of the appointment of the investigating officer. The Title IX Coordinator shall review the written fact findings to determine, by the weight of the evidence, taking into account the totality of all reported evidence, if it is more probably true than not that harassment or violence in violation of this policy has occurred. Upon completion of the review and determination by the Title IX Coordinator, both the complainant and the respondent shall be notified separately in person and in writing by the Title IX Coordinator of his/her decision within seven (7) calendar days (excluding weekends and federal holidays) of receiving the investigating officer's report. The complainant and the respondent shall be notified if the Title IX Coordinator is unable to meet with them in person within seven (7) calendar days (excluding weekends and College approved holidays and closings) and a meeting will be scheduled as soon as possible. The Title IX Coordinator will meet separately with the complainant and with the respondent and will address any questions concerning the determination or resolution with each individual during the respective meeting.

5. If it is determined it is more probably true than not that a violation of College policy has occurred, the Title IX Coordinator will forward his/her written decision to the appropriate administrator who will take appropriate disciplinary action.

#### **Procedure for Appealing a Decision or Finding**

1. The individual, in accordance with the College policies, the Student Handbook, or any code of conduct whichever applies, may appeal any disciplinary action resulting from this procedure.

2. In the event the complainant and /or the respondent is dissatisfied with the Title IX Coordinator's decision, the individual may appeal in writing to the Title IX Coordinator within five (5) calendar days (excluding weekends and college approved holidays and closings) of the receipt of Title IX Coordinator's decision. The Title IX Coordinator will forward the appeal to the Behavioral Intervention Team to consider the appeal within fourteen (14) calendar days (excluding weekends and College approved holidays and closings) of its receipt of the written appeal. The Behavioral Intervention Team's decision will be the College's final determination. Any student or employee of the College who retaliates against another for testifying, assisting, or participating in any investigation or proceeding relating to harassment and/or violence under this Policy will be subject to discipline. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

**Racial and Biased Based Policing**

**Cowley County Community College Policy Statement - Racial and Biased Based Policing**

It is the Policy of the Cowley County Community College Campus Security and Public Safety Department not to engage in or tolerate Racial or Biased Based Policing as per Kansas Statute 22-4609. No racial or other biased motives will determine the quality, fairness, interest or presumed legality when making decisions concerning the stopping, detaining, searching, taking into custody or arresting an individual(s). All laws will be upheld, rights observed and services rendered to any person.

**Missing or Reported Missing Student**

**Cowley County Community College Policy Statement - Missing or Reported Missing Student**

In compliance with the Clery Act, amended in 2010, Cowley County Community College has a policy to address a student who has been reported missing or is known to be missing. The College is dedicated to the safety, security and well-being of all students, and takes seriously any instance regarding a missing or reported missing student.

1. The College, and the Housing Staff within the College gathers and maintains emergency contact information for students; the information is kept both in the Housing Offices and the Campus Security and Public Safety Office. Students are expected to provide this emergency contact information at the time of housing check-in.
2. The College maintains a cross-functional Behavioral Intervention Team (BIT) to address emergency situations. The College Behavioral Intervention Team ensures aid and support is extended to students and families in need, while also identifying and resolving issues that would otherwise interrupt the normal activities of the College. The BIT, Campus Security and Public Safety Department, Student Life Department, Housing Department, Student Life Counselors, Athletics, Registrar's Office, Office of the Vice President of Finance and Administration, Office of the Vice President of Academics and Office of the President work closely to remain vigilant regarding the college life experience of all students.
3. If the student is reported as missing by the student's parents or guardians, roommate, faculty member or staff member, the Campus Security and Public Safety Department will immediately investigate the initial report. In the event the College confirms a student is missing, the following activities are initiated:
  - a. The student's parents or guardians will be notified,
  - b. Continuous attempts are made to contact and or locate the student by all possible means;
  - c. In the event that the initial attempts fail, the College Campus Security and Public Safety Department, Office of the Executive Director

of Student Affairs and the Housing Staff will work closely with other law enforcement providers to locate the student;

d. If appropriate, the College will assist law enforcement in the implementation of an Amber Alert and / or NCIC entry of the individual.

e. The College Crisis Management Team, including the President, convenes to provide additional direction and support to College Departments involved with the process.

### **Fire Safety**

#### **Cowley County Community College Policy Statements on Electrical Portable Appliances / Open Flames and Smoking in Student Housing Facilities**

The Housing Staff performs Residence Hall Health and Safety (H&S) Inspections each semester. The H&S inspections are primarily designed to find and eliminate safety violations. Students are required to read and comply with the Housing Handbooks all rules and regulations for residential buildings. The inspections include, but are not limited to, a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers and other life safety systems.

In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames, such as candles; non-surge protected extension cords; halogen lamps; portable cooking appliances in non-kitchen areas; etc.) or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets; etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately confiscated if found, and the Housing Director or Dorm Manager will impose the appropriate sanctions. Smoking is not permitted in dormitories or other Student Life Facilities. Smoking is permitted only in designated areas on campus. Incense and candles (any-open flame, hot plate device, or similar devices) are not permitted.

#### **Cowley County Community College Policy Statement - Student Housing Evacuation in the Case of a Fire**

In the event of a fire, the College expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to contact 911 and the College Campus Security and Public Safety Department. Students and/or staff should relocate to the pre-determined meeting location unless conditions make it unsafe to do so, evacuees will be directed by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, College policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building.

#### **Cowley County Community College Policy Statement - Fire Safety Education and Training Programs Provided to Students and Employees**

Fire safety education programs are available for all students living in on-campus student housing and all employees that have any association with on-campus student housing.

These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the college's fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them.

If a fire occurs, students are instructed to leave hazardous areas per the evacuation routes and get to a predetermined location before calling 911 for help. They are to remain in that location so that the Housing Director or someone from the Housing office has documented that the student has left the building. RAs are instructed to pull the fire alarm as they are leaving the building if they can do so without risking their safety.
