

COWLEY COLLEGE HANDBOOK

A MESSAGE FROM THE PRESIDENT

Dear Colleague,

Thank you for choosing Cowley College—home to academic excellence and nationally acclaimed athletic programs for 98 years and counting. Cowley offers more than 120 program pathways to place you on the road to a successful career. Cowley touts an average class size of 15 students to allow you opportunities to build meaningful relationships with our outstanding faculty members. In addition, Cowley College recognizes the personal touch is often one of the most crucial ingredients to a successful college experience. As a result, Cowley partners you with an academic advisor so that you have an expert working alongside of you assisting in those important life decisions during your college journey.

So, what does it require to be successful? —in part, determination and self-discipline. All successful Tigers realize that success necessitates a keen focus on what is important so that possible distractors do not divert us from our pathway to success. For example, Tigers who complete a two-year degree will earn approximately \$305K more during their careers compared to a high school graduate. Furthermore, thirty (30) percent of Tigers who complete a two-year degree will earn a higher starting salary compared to a graduate of a four-year degree. Thus, Tigers who complete the journey are generously rewarded for their investment.

Closing, the journey of completing a college education is not a sprint; rather, it is a marathon. Challenges may arise such as unreliable transportation, insufficient child care, inflexible work schedules, limited finances, etc. However, challenges are not obstacles to our success; rather, they are opportunities to chisel our character into a *Tiger of Greatness!* It is an arduous journey which makes the Tiger strong and great, but that is what makes the journey worthy of our time. I wish you great success. TOGETHER WE ROAR!

Respectfully,

Dennis C. Rittle, PhD
President

COWLEY TIGERS...OUR PRIDE CAN'T BE TAMED!

IN THE CLASSROOM

Attendance: Class attendance is required at Cowley College. Failure to attend class can lead to poor grades, loss of financial aid funds, and removal from class without a refund of tuition and fees. Attendance is required from the first day of class. Online courses require submission of an assignment to be counted as attended. When you miss class, you miss notes, discussions, key test points, assignments and general interaction with your classmates and instructors. Also, many instructors don't allow make-up work for classes missed so you can quickly fall behind when you miss class.

Be on time: Many instructors provide vital information at the start of class and if you are late, you will miss out! Some will give quizzes and other assignments that are critical to your grade as well. Tardiness may also be viewed as a sign of disrespect to your instructor and can be distracting to your classmates. Get to class early.

Preparation: Much of college coursework takes place outside of the scheduled classroom times. It is your re-

sponsibility as a college student to prepare for readings, tests, and major assignments on your own. It isn't like high school anymore – you have to take responsibility to prepare yourself for class.

Use Services: For many students, college is the first time being away from home or having the ability to manage your own life. Sometimes there are things that happen which cause us to stumble along the way. Cowley has a lot of free services available to students to help you through these tough times, things like tutoring and counseling. There are many, many resources here to help you. Take advantage of them.

Set Goals: It is critical that you set short and long-term goals for yourself. It's a proven fact that students who have set goals have better success rates in college. Set at least two personal and two academic goals each semester for yourself and get busy achieving them.

LIVING THE LIFE AT COWLEY

Get Involved: Being involved in extracurricular activities has a direct positive relationship to success in school. Part of the Cowley experience is to participate in the many offerings outside of the classroom. Whether it's a club, intramurals, theatre production, sports event, or another student activity, take advantage of the many offerings to students. Not only are they a lot of fun, but they also are a great way to meet new people. Enjoy the full experience that college has to offer.

Take Advantage of Our Unique Opportunities: College is as much about getting your degree as it is about preparing for your career. Take advantage of opportunities that arise during your time here to help you with your future. Whether it's volunteering or joining a club relevant to your major, or going to listen to a guest speaker, take advantage of learning opportunities that can impact your future.

Strive for Excellence: Whether it's homework projects, team practice, or even getting your minutes done in the wellness center- be an overachiever! YOGOWYPI – “You Only Get Out What You Put In.” College is about taking advantage of all the opportunities presented and giving 150% to what you do.

Pace Yourself: For many of you, this will be the first time on your own. Your habits for diet, sleep, hygiene, exercise, study, etc. are up to you now. Be responsible and be sure that you are taking care of things.

COWLEY COLLEGE LINGO

Catalog: This book outlines the programs of study for all programs and provides course descriptions for all classes. The catalog also provides the current requirements for your degree as well as other detailed information regarding policy and procedure. The catalog is available online at www.cowley.edu/academics.

Classification: If you have completed fewer than 31 credit hours, you are classified as a freshman. If you have

completed 31 or more credit hours, you are classified as a sophomore. Most four-year schools will allow only 60-64 credits as transfer hours, so you should work carefully with your advisor when you are getting enrolled each semester.

Student Email: Your Student Email (or Cowley Student Email) account is used to keep you informed. Your Student Email account will provide you with notifications of college deadlines, campus events, weather closings, add/drops of classes, etc. This is one of the primary methods through which college personnel will communicate with you, so it is vital to check it often.

You can access Student Email from any web browser (on or off campus). To do so, go to the Cowley College home page at cowley.edu. Click on the Logins & Links tab at the top of the page and then click on the Student Email link. Log in using your Cowley Username and your password. There are instructions for setting up your Student Email account to forward automatically to another email account if you prefer.

New Tiger Orientation: It is designed to give you some basic information about going to college before you begin classes. You will be enrolled in a one-day summer workshop session and will have to attend the Big Day prior to the start of your freshman year.

Cowley College Refunds: All refunds, including financial aid refunds and bookstore sellback funds, are disbursed by check to the address on file.

Credit Hour: Each college course you take is denoted with a certain number of credit hours, usually ranging from one to six. The number of credit hours allotted to a course is determined by the number of clock hours' students spend in the class each week.

Advisor Worksheet: This worksheet lists current and previous courses you have taken. It also shows your grades, total credits, and your cumulative GPA. It categorizes the courses you have completed as they relate to the requirements for your degree or certificate. You can obtain your Degree Check on your TigerConnect Account or by contacting your advisor.

Degree Plan/Programs of Study: Degree options at Cowley include Associate of Applied Science (AAS), Associate of Arts (AA), Associate of Science (AS), and the Associate of General Studies (AGS). Degree offerings vary depending upon student's program of study. Most degrees require at least 62 credit hours for completion. The college also awards certificates to students who complete certain vocational/technical requirements.

Early Alerts: Early Alert Reports are academic reports that instructors utilize to communicate student academic performance issues to advisors, and other designated college personnel.

e-Cashier payment plan: To help you meet your educational expenses, Cowley is pleased to offer Nelnet Business Solutions as a convenient budget plan. Nelnet Business Solutions is an e-cashier payment plan that provides you with a low-cost option for budgeting tuition, housing and other educational expenses.

FERPA/Buckley Amendment: The Family Educational Rights and Privacy Act of 1974 and the Buckley Amendment were established to protect the privacy of your education records. Your student records are to be kept confidential unless you give written permission for their release. Schools may disclose certain information without student consent or to approved individuals by law. For a complete copy of FERPA and the Buckley Amendment, visit www.cowley.edu/academics/registrar/access.

Retention Module: Academic reports that instructors utilize to communicate student academic performance issues to students, advisors, and other designated college personnel.

FLAGS: Fostering, Learning, Achievement and Graduation Success or FLAGS Reports are academic reports that instructors utilize to communicate student academic performance issues to students, advisors, and other designated college personnel.

Final Exams: A final examination is required for each academic credit course. Final exams occur on designated days at the end of the semester. A schedule of final exams will be posted. Off campus locations may follow a different final schedule. You must take your final at the time and date scheduled. Permission to take a final at a different time may be granted to students who have compelling reasons – not merely for the convenience of the student. Permission forms for this can be obtained in the office of the Vice President of Academic Affairs and must be approved prior to the scheduled final.

Full-time Status: For registration purposes, you must be enrolled in at least twelve credit hours to be considered a full-time student. For financial aid purposes, you must be enrolled in at least twelve credit hours that are

contributing to your degree to be considered a full-time student.

Grading System: Your GPA is the tangible measure of your academic progress as a student. Once a grade is on your transcript, it is on there forever. Your GPA is the measure by which honors, scholarship, probation or suspension, financial aid, and future college admissions are determined. The GPA is figured on a system where grades are given numerical value. The point values are as follows:

A = 4 points	F = 0 points	I = 0 points
B = 3 points	XF = 0 points	S = 0 points
C = 2 points	W = 0 points	U = 0 points
D = 1 point	AW = 0 points	

To calculate your GPA: multiply the credit hours of each class by the grade points you earned for that class. After adding these new numbers together, divide the sum by the total credit hours attempted.

Graduation: Degree candidates who have completed a minimum of 30 graded hours in residence are considered for graduation with scholastic honors as follows:

<u>Honor</u>	<u>GPA</u>
Summa cum laude	4.00
Magna cum laude	3.999-3.950
Cum laude	3.949-3.750

Honors are based on the student's final grade point average, including all transfer hours, and including a minimum of 30 resident Cowley hours.

HLC: Higher Learning Commission – The accrediting agency for higher education institutions which sets standards that must be adhered to in order to be an accredited college. Cowley College is part of the North Central Association of the Higher Learning Commission.

Honor Rolls: If you are enrolled in and complete at least twelve credit hours, you may qualify for one of the two honor rolls published each semester. The President's Honor Roll includes those students who complete a GPA of 4.0. The Dean's Honor Roll is for students who have a GPA of 3.5 – 3.99. A single grade lower than a "C" automatically disqualifies you from the honor rolls.

KBOR: Kansas Board of Regents – The governing body that sets policies and laws that govern the operation of community colleges, technical schools and the Regent Universities in the state of Kansas. All degrees, programs and courses offered by these institutions are approved through the KBOR.

Pell Grant: This federal grant can award aid each year to use for college expenses. You must fill out a FAFSA form each year to apply for this aid. For more information, go to www.fafsa.ed.gov or Admissions.

Registrar: The Registrar of the college keeps records on the enrollment and academic standing of Cowley students.

Semester System: At Cowley, there are three semesters to each year: Fall, Spring and Summer. There is also a special pre-session prior to the beginning of the spring and fall semesters. Each semester you will enroll in new classes.

State Residency: To be considered for in-state tuition, you must meet certain criteria established by the state of Kansas. The list of requirements for in-state residency can be obtained from Admissions or the Cowley website.

Student ID: You can obtain your student identification card in Admissions. You are required to carry your Cowley ID at all times while on campus. ID's can be used for admission to student and athletic events, as well as discounts at area businesses. If you are a dorm student, your ID is also your meal card. You must present it at every meal.

Syllabus: A document created by instructors for each course that outlines their expectations for the class and includes such things as class policies, contact information, grading and assessment standards, required texts and a schedule of assignments.

Transcript: This is an official form which documents the courses you have completed in college. If you plan to transfer to another institution, you must have a copy of your official transcript sent.

Withdrawal Date: The last date to withdraw from a course is listed on the instructor's syllabus for the course.

A student may officially withdraw from a course before this date and have a letter grade of “W” recorded on the academic transcript. Students who are failing a class may opt to withdraw as opposed to having a failing grade on their permanent record. High school students must have approval from their high school counselor to withdraw from a course.
